Eric Test  
Test Street 1  
Baltimore, MD 20103

Dear Eric Test:

Recently, you were determined eligible for Medical Assistance under the Home and Community-Based Options Waiver. This determination was based on a consideration of your resources (assets). A portion of your or your spouse's total combined resources was not counted because these resources are to be protected for the benefit of your spouse. Resources or assets are any accumulated savings or personal property you may own, including but not limited to, bank accounts, stocks, bonds, land, and non-home or business property. For the purpose of determining your eligibility, the resources were considered as follows:

Total combined resources for you and your spouse:	\$ _____
Amount protected for your spouse:	\$ _____
Amount attributed to you:	\$ _____

Currently, the amount owned by you exceeds the amount that has been attributed to you. This excess amount must be put in the name of only your spouse. The excess amount is calculated as follows:

Amount owned by you:	\$ _____
Amount attributed to you:	\$ _____
Excess amount:	\$ _____

The Excess Amount above will be protected for your spouse. This amount prevents you, as the waiver spouse, from exceeding the allowable \$2,000 resource amount. You are responsible for removing this excess amount from your name and putting it solely in your spouse's name. You have 90 days from the date of this notice to change the ownership of these resources and to provide this agency with proof that the changes have been made. The next time this case is reviewed, all resources remaining in your name will be counted. Failure to remove the excess amount from your name and to put it only in your spouse's name will result in the cancellation of your Medical Assistance and waiver eligibility.

Eric Test

When the excess amount has been transferred from you to your spouse, you must send written verification to this department. This verification must be received no later than .....

Sincerely,
